WAS GREAT SUCCESS.

MANY ATTEND MERCHANT'S BANQUET.

Eks Rooms Crowded and a General Feeling of Good Fellowship Seems to Prevail.

The second banquet given by the Advancement association was even more largely attended than the one of two months ago. The supper on this occasion was served by the ladies of St. Catherine's Guild, and it was done in a manner that was beyond reproach in any way. About ninety persons were fed during the evening, and everybody's hunger had been appeased and those present were indulging in a cigar before eight o'clock.

The tables were nicely decorated so that they presented a handsome appearance, and at the head of each was a roast pig, served whole, and done to a turn that was calculated to make the most indifferent man feel hungry. The carving was done by E. P. Arpin, T. A. Taylor and P. MacKinnon, and they handled the matter as if they were past masters of the art. There were a large number of waiters in attendance and they were tireless in their efforts to keep the tables well supplied with the good things that had been prepared for the occasion.

After the outables had been disposed of the regular session of the association was held. The meeting was called to order by President Oberbeck, and the various officers responded to roll call. The reading of the minutes of the previous meeting were read and approved.

E. P. Arpin, as chairman of the committee on industries and industrial sites, made a report to the effect that he was in receipt of several communications from parties who were looking for desirable locations, but that nothing definite had developed along this line. He also spoke of the work of the old association.

Dr. O. T. Hougou, as chairman of the entertainment committee, also made a short report and the matter of holding future banquets was discussed. It was unanimously voted that the association continue to hold banquets as they have started out.

The matter of establishing a night school was also taken up and discussed. The general sentiment was that such an institution is a good thing, and a motion looking toward such an accomplishment was carried.

A vote of thanks was also tendered the ladies of St. Catherine's Guild for the excellent manner in which they handled the banquet matter. The next meeting of the association will be held on the first Thursday in November.

A Small Smashup.

Two cars were thrown from the track and somewhat broken up on the spur that leads to the Consolidated plant on Monday afternoon. The heavy rains had caused the track to settle somewhat on one side which caused one of the cars to leave the track, and before the train could be stopped another had been forced off. An electric light pole was all that prevented one of the cars from rolling down the embankment into the river. Both of the cars were empty and nobody was hurt.

Want More Mail Service.

A petition was circulated and numerously signed last week asking that mail service be established on the Wisconsin Central road that runs between Marshfield and Nekoosa. This road runs two trains a day from Marshfield to Nekoosa, but it is doubtful if there would be a great deal of mail carried over the line under existing conditions.

CHANGE IN RATES.

Electric Company has Raised Lighting Rates.

The directors of the Electric & Water company have decided on a raise in their lighting rates in this city. By a careful study of the conditions they found that the income of the company was barely enough to pay the operating expenses, practically leaving nothing with which to either pay off any indebtedness or for making repairs. In view of these conditions it was decided to make a raise of 15 per cent, as nearly as could be done considering the condition of the rates.

Lights that are on a flat rate were raised five cents a light. While this was a trifle high for the low priced lights, it is a trifle low for the high priced ones, making the average about right. Where meters are in use the flat rate has been abolished and a minimum charge of \$1.00 per month will be charged, the current used to be charged for at the rate of 15 cents per kw. for the first 10 kilowatts, 10 cents per kw. for the second 10 and 8 cents per kw. for all current used over this amount.

This meter rate is quite a radical change, as heretofore the rate has been 5 cents a kw. and when the bills were rendered this month some of the users of electricity were astonished at the amount of money they were compelled to dig up. The rates on power have not been changed, as the company wishes to induce all persons possible to take power, as the day load is now very light and could be materially increased without causing a company any additional cost.

MISS THROPP AS NORA.

Pleased Good Audience Tuesday in Ibsen's Drama. "A Doll's House."

Green Bay Advocate.—Miss Clara Thropp and her company appeared Tuesday evening before a well filled house at the Green Bay theater presenting Ibsen's drama, "A Doll's House." It was the best thing which has been seen this season.

Miss Thropp's portrayal of Nora, the wife, was very fine and left little to be desired. She entered into the spirit of the piece, being graceful and buoyant in the lighter scenes in which it abounds and carried her listeners into pleasant laughter, and in the next moment plunging them into the despair which attended the wife and which was brought about by her thoughtlessness. In the emotional parts Miss Thropp rose easily and was equally as good. She was ably supported by Arthur Pickens as Horvald Helmer, the husband.

The evening performance was closed with the afterpiece "A Truant Spouse." Miss Thropp appeared to advantage in the lighter role of a successful prima donna. The company will play a return engagement here on Sunday evening, Oct. 16, when they will present the comedy, "A Remedy for Divorce."

Miss Thropp will be at the opera house in Grand Rapids, on Tuesday evening, Oct. 18.

Grand Rapids Entertainers Association.

Father Moran—October 27th. Father Moran of Cleveland, Ohio, lectures on a great variety of subjects. He has been heard in a great many of the large cities of our country and has also spoken in Rome, Paris and other cities of Europe. It is safe to say that no more successful lecturer is now before the public.

Slayton Jubilee Singers—Nov. 15th. "The greatest company of colored artists that has ever appeared here" has been the universal verdict of press and public wherever this superb attraction has appeared throughout America.

Dunbar Company—Dec. 22nd. The Dunbar company is certainly the most novel and versatile company of musical artists now before the public. Their tour the past season has been transcontinental, and everywhere successful.

Germaine—Jan. 3rd. Germaine, the master magician, hugely entertained two thousand five hundred people at the Auditorium last night. He is, without doubt, the best ever seen here, his program wholly new, most puzzling and bewildering.—Wisconsin state Journal, Madison, Wis.

Hon. W. J. Bryan—Early in February. Subject, "Value of an Ideal."

Prof. Clarence March 6th. Versatility and sympathetic appreciation of thought and situation are the chief requisites of literary interpretation. Mr. March is one who possesses unusual versatile powers, a clear understanding of the subjective in thought, and the ability to suggest the subtlest variation in thought or scene.

Going to Wausau.

Should nothing occur to intervene, the local high school team will go to Wausau next Saturday to play the football boys of that city. Wausau is said to have a good team so that a close game should be the result.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance, can be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. Otto's Pharmacy.

CHANCE FOR A GOOD MAN.

Local Telephone Company Now Without a Manager.

Since E. C. Starks left the city on the first of October the local telephone company has been without a manager and the company is on the lookout for a good man to take his place. During an interview with G. W. Paulus on Tuesday that gentleman stated that there had been some talk of securing an electrician who could handle the business of both the telephone and electric light company, and by this means it might be possible to secure a better man, as a good salary could be paid and at the same time it would not cost either company as much as it has in the past.

The requirements of a man as manager for the local company are rather exacting. He must be enough of a business man to be able to run the plant so as to make both ends meet and at the same time must have enough mechanical ability to oversee the work and know that is being done properly. Such men are hard to find and generally command a good salary.

At a meeting of the directors of the telephone and electric light companies held some time ago, it was unanimously voted to put the two institutions under one manager, but at the suggestion of some present it was decided to lay the matter over until the annual meeting.

Gorman for Assemblyman.

W. H. Carey has withdrawn his name as a candidate for assemblyman and that of Hon. Amos E. Gorman has been substituted. Mr. Carey's action in withdrawing will be a disappointment to his many friends in both ends of the county, as there were many who would take great pleasure in voting for him for the office. However, Mr. Carey stated that it would be impossible for him to neglect his business to the extent necessary for him to go into a campaign, so that the best thing for him to do was to withdraw from the ticket.

In the selection of Amos Gorman the committee has made a first class substitution. Mr. Gorman, the no politician, has proven himself to be a level headed business man, and those are the kind of people that should be selected for the democratic ticket. The people of this community have had their share of political troubles in the past, and they are inclined to be a little careful who they vote for in the future. They can make no mistake in electing Mr. Gorman to represent them in the Assembly.

Rummage Sale.

The members of St. Catherine's Guild will hold a rummage sale on Friday and Saturday of this week in the Rossier building on the west side. They expect to have a display of goods that will enable all to lay in such a winter supply that they will not have to buy anything for some time to come.

Unclaimed Letters.

Following is the list of advertised letters Oct. 1st: Gentlemen—Bos, Chas., Fox, Ralfe R., Hylin, T. J., Lewandowski, Alexander, Forlano, Mo Glinoy, Bob., Medniken, J., Walter Mike, Young, Oscar, Ladies—March, Julia, Pastineau Marie, Schinsky Miss Mary, Wich, Mr. and Mrs. R.

Two Good Lectures.

Professor Clark, who spoke at the Lincoln high school on the afternoon and evening of Wednesday last, was favored with good audiences and he certainly showed himself to be a man of exceptional ability. In the afternoon his subject was Hamlet, and in the evening Ulysses. Those who heard Prof. Clark were universal in their praise of the manner in which he handled his subjects.

CIRCUIT COURT MATTERS.

Fall Session Still in Progress at the Court House.

In the case of the State of Wisconsin against Paul Karpinski and Joseph Edwards, for assault with intent to do great bodily harm, the two defendants proved an alibi and were dismissed. This case occurred at Nekeon and Chas. Edwards was complaining witness. He claimed that Karpinski and Edwards had waylaid him and beaten him.

In the State of Wisconsin against Philip Casper and Hourieta Casper for larceny, the case was dismissed, defendants paying costs. The case was brought by M. J. McRath for larceny.

In the case of Herman Hulgren vs. Ross Paulson, a change of venue was taken to Clark county.

N. Mills vs. R. Elliott and Sarah Elliott, went by default, action on a note.

A. Kieckhefer Grocery Co. vs. John Lowrey and Charles Lowrey, case was continued.

Plumb & Nelson vs. John Lowrey and Charles Lowrey, case was continued.

The two cases between the Kett Creek drainage district and J. D. Potter and Geo. Hiles Land and Lumber company were continued.

The case of Hiram P. Corbin and Herman E. Berning against Richard Harvey and Charles Dixon was settled out of court.

Fred Redepinning vs. the Town of Rock. A case for damages. Continued.

Sylvester Palmer vs. L. D. Goldberg and H. H. Bain. Continued.

Mary Wendland vs. the city of Grand Rapids and the Wisconsin Central railway company. This case was for damages sustained by plaintiff driving off the roadway near the south side where the track crosses the highway. Settled by the railway company paying \$500.

Sprague Warner & Co. vs. H. J. Lemke and Charles Kolp, copartners. Settled. The case of A. Kieckhefer Grocery Co. against the same company was also settled.

Chickering, Chas. Bros. Co. vs. J. T. L. Bittner. Settled.

Wallace Domar vs. N. J. Boucher. Tried by the court and judgment for defendant.

This comprises all the cases that have been tried up to the present time, but there are still a number on the calendar that will come up for trial.

Resolutions of Respect.

The following resolutions on the death of Postmaster General Henry C. Payne were adopted by the convention.

Whereas it has come to our knowledge that Hon. Henry C. Payne has passed to his final rest.

And, whereas few citizens of Wisconsin have attained to the public honors or performed the great service to the nation performed by him.

Therefore be it resolved by the Wisconsin County convention of Wood county this now assembled,

That we deeply feel the loss of our honored Postmaster General, and

Express our sincere respect for and regret at the loss of that peerless public man, and

Be it further resolved that each newspaper in Wood county be furnished a copy of this resolution for publication.

A Lively Runaway.

A horse belonging to Joseph Stettler of Randolph ran away last Saturday and during his career took to the cement walk in front of Kruger & Warner's clothing store, where one of their show cases was completely demolished and the glass in another one broken. The wagon then struck a post in front of Hutz's jewelry store, which brought the outfit to a stop.

A Spider's Appetite.
The spider has a tremendous appetite, and his gormandizing defies all human competition. A scientist, who carefully noted a spider's consumption of food in twenty-four hours, concluded that if the spider were built proportionately to the human scale he would eat at breakfast, approximately, a small alligator, by 7 a. m. a lamb, by 9 a. m. a calf, and by one o'clock a sheep, and would finish up with a lark pie in which there were 120 birds.

Miss Maud Sharkey, who has spent the past eight months at Chicago and Davenport, Iowa, was a pleasant caller at the Tribune office yesterday. Miss Sharkey is visiting her folks at Rudolph for a few weeks.

A. W. Rumsey, who has been on the road during the past two years for a show company, is at home visiting his family. Mr. Rumsey reports that he has about made up his mind to remain in the city and go into business here.

Home-seekers' Excursions to the northwest, west and southwest via the Northwestern Line. Excursion tickets at greatly reduced rates are on sale to the territory indicated above. Standard and Tourist sleeping cars, free reclining chairs and the "Best of Everything."

For Sale Cheap. 12 years old horse, weighs 900, good driver and gentle. Will let party have use of same over winter. Just the horse for some farmer to use for hauling his milk to creamery. For particulars inquire at this office.

One of the best shows that has been seen in this city for many a day was the Irish Pawlbrokers at the Opera house Thursday evening. There was a good crowd in attendance and by the applause it was evident that the audience appreciated the efforts of the entertainers.

—Don't forget the Rummage Sale to be held in the old Central hall post office building on the west side by St. Catherine's Guild on Friday and Saturday of this week. There will be a large stock to select from.

George Lehnrich leaves for Chicago the first part of next week. It is his intention of spending the winter down there attending art school. Mr. Lehnrich has considerable natural ability along this line and if he studies under good instructors there is no reason why he should not develop more than usual skill with the brush.

James Hamilton returned home Monday night from his visit at the fair. While in St. Louis he attended a social gathering of the National clay workers, there being several hundred in attendance.

George Taylor, the New Rome sheep man, shipped 600 sheep to Chicago on Saturday. The sheep presented a handsome appearance and were viewed with interest as they passed thru the city.

Mr. and Mrs. John A. Stieh entertained a party of friends at their home on Saturday evening, in honor of Mr. and Mrs. T. L. Harrell of Neenah. A very pleasant evening was spent by those present.

Mrs. M. A. M. Muir and A. F. Bandelin returned on Monday from St. Louis where they had been in attendance at the fair. It was their expectation to meet their sons in St. Louis, but the boys left there about the same time that the ladies arrived, so they did not see them.

The board of election inspectors met in their respective wards on Tuesday for the purpose of registering electors for the coming election. They will meet again on November 1st to revise the registry list and to add any names that may have been heretofore omitted. If you have not already registered you should do so.

The receipts at the Marshfield fair were \$2,551.55, besides which the management gets \$500 from the county, and forty per cent of the purse money from the state. This will bring the receipts considerably above the expenditures this year and the association will be able to pay off some of the indebtedness incurred last year.

Michigan has enacted a law against accidental shooting by hunters, which provides a penalty of from 5 to 10 years in the penitentiary, and a fine of \$1,000. This comes pretty near being the right thing. If it is necessary to offer sportsmen an inducement to aim their shooting from the game they want to shoot. Every day in the year should be a closed season for human beings.

A smooth talker is traveling over central Illinois purporting to be getting up a directory of the rural routes of the country. He gets from the merchants ads to help pay for publication, promising the support of the patrons in proportion to their help. Then he sends the directories to the mail order houses, who flood the country with their catalogues. This is a neat scheme to get the home merchant to pay for a list which is intended to benefit the mail order houses only, the natural enemies of the home merchants.

An exchange says that every indication points to a late fall. The doves are hatching out a second brood. The robins are hatching out a third, barn swallows are building to hatch out a second brood. This is unusual. What does it mean? If the birds could not raise their young so they would be strong enough to fly south before cold weather they would not go on with their house-keeping. It means a long, dry, hot spell and a late fall. The weather department don't know it, but the birds do and they don't go wrong. Even the sparrows are building in the open.

—Dr. F. Brewer.—This physician has established a reputation in this vicinity, and proved himself capable of performing all his duties. He takes no case under treatment that is being treated by another physician, but advises that every physician have a fair and impartial trial. It is only those diseases that have come by long standing that Dr. Brewer does treat, and we advise all who have such complaints to try him; his advice will cost nothing and he may be able to do much good. Surely if Dr. Brewer had any natural ability, his long experience would enable him to locate diseases of this class, and suggest the means of cure. Dr. Brewer will make his next visit to the Hotel Dixon in this city on Thursday, Oct. 20th. Consultation free.

HIGH SCHOOL NOTES.

The football team goes to Wausau next Saturday. We hope for a victory.

Today begins the six-weeks examinations.

The chorus work this year is to be held Monday, Wednesday, and Friday mornings.

Mr. Youker gave a very interesting talk yesterday morning on the way to look at examinations and on the way to study for them.

Thursday at four o'clock the Botany class took a short excursion to observe the "fairy ring" fungus. (Mosses and orchids.)

The Seniors will have charge of the morning exercises every Thursday. Sept. Youker thought this advisable in order that the Seniors may be better prepared for the commencement exercises.

The "Laurel" met Monday at 1:15 p.m. The new officers were installed. We listened to the speech of the retiring president, Miss Rosa Wiperman, and also the address of the new president, Miss Floy Quinn. A short business meeting was held and the society adjourned.

An October Flood.
To look at the river today and note the rise in the water during the past few days, one might be led to believe that there was going to be a flood to equal that of 1903. The water now stands at about the 4 foot mark, which is a rise of about 6 feet during the past four days. From reports up river, however, it would seem that the water has about reached the limit at this point.
